

With all the road construction on Hwy 79 we have made some modifications to the range gate. It is wider and much deeper to allow almost all rigs (travel trailers) to pull completely off the road even if the gate is closed. I usually open the gate on Wednesday or Thursday of our shooting weekends.

However it is suggested that approaching from Oakwood (with travel trailers) you should drive pass the gate about 2 miles and make a u turn and approach from the Palestine which will provide for a much safer and wider turn into the range.

---

Jail Break is approaching just 6 months away if you would be interested in sponsoring a stage see Denton Dancer or Texas Alline. Your sponsorship would be greatly appreciated.
