

January 2012 President's Letter

The January shoot was almost a wash out. It was cold and rainy on Saturday, but still 22 brave souls did shoot the match from covered stages. The match was called off Sunday morning after not many shooters began showing up and it was DAMP AND COLD. We could probably have had a posse, since more did show up after the decision to cancel, but most shooters were in favor of calling it off, so everyone went home. Monday wasn't much better but three die hard shooters did show up. TX Alline told them she was not leaving the warmth of the house, and that they could shoot and take care of themselves if they were of a mind to. So they did.

We had a work party the next weekend and the weather was beautiful. Much was accomplished by the eager workers. Stages were re-arranged, cleaned up, and painted. Two full days of hard work were put it by a few so that many would have a nice place to play. Be sure to thank them. We will have another work weekend before Jail Break to do more clean up and painting. I hope more members will be able to participate.

You probably have already seen the Stage Challenge that went out to everyone with this newsletter. We have room for three or four panels as described in the challenge, but the key point is that they must be up and running before the March shoot to be able to be tested and used at Jail Break. If you are planning to make a panel, it must be exactly to the dimensions stated in the challenge and you must notify us of your intention to do so by the February shoot date so that we may plan what to do with it. If we get more panels than is needed for the new stage, I am sure we will be able to find a place to use them. I made two panels and put them up so that anyone can see just what is wanted.

It has been said, that if our government took control of the Sahara Desert, their would soon be a shortage of Sand.

Be sure to do your part in preserving the Second Amendment and your right to own and use firearms. Just remember, the anti gun grabbers are after our guns one type at a time. If you don't have the type they are harping about now, and do nothing, they will soon be coming after your chosen type later. WE MUST STAND UNITED AGAINST ANY NEW GUN LAWS OR REGULATIONS..... NO NEW GUN LAWS!!!!!!! NO REGISTRATIION AS IT ALWAYS LEADS TO CONFISCATION. NO UNIVERSAL BACKGROUND CHECKS TO PREVENT YOU FROM SELLING OR GIVING AWAY A GUN, EVEN TO YOUR OWN FAMILY WITHOUT THE GOVERNMENT KNOWING ABOUT IT. THAT WILL ALSO LEAD TO CONFISCATION. *Justa Hand*
