

November 2013 President's Letter

We had a real good shoot last month. No rain and some Sun with a nice overcast. Monday's shoot seems to be getting more players lately. Boy, those guys sure know how to have fun when their guns (45 auto's) are running well, but when they are not, that is another story. Just ask a few of them. It's just a little more challenging game and more things have to go right to be successful at it. But it sure looks like fun.

We had a work party after the match on Saturday and some posts were erected to support a roof over the area that used to be the Cowboy Campfire area. More posts will be erected after the December match and hopefully the framework will begin to go up. When completed, the roof will cover the area from the Bank all the way to the Log Cabin. This will make good sun shade and be perfect for shooting in rain or snow. It probably won't be able to be called the Cowboy Campfire stage any more, since real cowboys did not have a sheet metal roof over their campfire on the open range. If you have an idea for a name for this new stage, we will be glad to consider it. Of course, we don't even have a vision of what the stage will look like yet. More on this next month.

The following is taken from our local Newspaper.

I am a Liberal-Progressives' worst nightmare. I am an AMERICAN. I believe in God. I believe that the money I make belongs to me and my family, not some Liberal governmental functionary be it Democrat or Republican. I think owning a gun doesn't make you a killer, it makes you a smart American and no one will ever take mine as long as I am breathing. I believe that if you are selling me a Big Mac, do it in English. I believe everyone has a right to pray to his or her God when and where they want to. My heroes are John Wayne, Babe Ruth, Roy Rogers, Neil Armstrong, Billy Graham, Ronald Reagan and Louie Gohmert. I don't hate the rich. I don't pity the poor. I know wrestling is fake and I don't waste my time watching or arguing about it. I believe it is asinine for the United States Congress to authorize almost 40 Billion dollars each year in foreign aid when much of it goes to Arab nations who hate us and harbor Jihadists who try to kill Americans at every opportunity. I believe if you don't like the way things are here, go back to where you came from and change your own country. If you were born here and don't like it you are free to move to any Socialist country that will have you. I don't mind having my face shown on my drivers license. I think it's good and I'm proud that "GOD" is written on my money. I think if you are too stupid to know how a ballot works, I don't want you deciding who should be running the most powerful nation in the world for the next four years. I believe that it doesn't take a village to raise a child, it takes two parents, one man and one woman. I believe "illegal" is illegal no matter what the lawyers think. I believe the American flag should be the only one allowed in America. We need God back in our country. We live in the land of the free only because of the brave.

My view too.

Justa Hand, President
