

President's Letter

September 4, 2015

Not a lot going on around the range since the last match. It has been too hot and dry to be out for very long at one time. Especially when a person gets old and not as tolerant of the heat and sun. Young Wippersnappers probably think this weather is great and they probably love to sweat a lot. I know, since I used to be one of them. More power to the younger generation.

We are in an extreme drought at the present time. It doesn't look like there will be any relief before the October match, so extreme care must be taken not to do anything that could start a fire that could destroy a lot of real estate and also produce a stiff penalty for the person causing such a fire. Everyone in the drought area will be on the lookout for any visible smoke and will immediately report it to the authorities, so be extremely careful.

Although it is hot and dry, the mornings have been very pleasant. Morning temps. have been in the high 60s to mid 70s with one morning being right at 60 degrees. This makes for really nice weather to start the match, and then by noon it will start to enter the 90s. Not really very bad considering it is summer. Of course, if this type of weather is still too warm for you, you may dress accordingly. Full Cowboy dress code will not apply until October.

We are already thinking of Jail Break for 2016. This will be the 15th year that the club has been in operation, so this will be an anniversary or birthday match. We want it to be the best Jail Break ever. So, start thinking of ways you can help the club achieve that goal. Think of what you can contribute in the way of time, ideas, donations, and moral support. Don't just suggest what other people could do, but step in and help get things done. I am sure that everyone has something that they can contribute, and there is plenty of time to think about it, so start thinking. Oklahoma Dee has already spent much time working on and painting the loading and unloading tables on the upper end of the range, and of course our regular workers also work their tail off each month so you can have an enjoyable time at the range each month.

Their might just be a special treat after the match, similar to the one last month.

This month's shooting tip: Don't shoot with your eyes closed.

Justa Hand
