

President's Letter

January 1, 2016

This is the first time I have ever written that date. I never thought that I would be around that long to write it, but here it is 2016 and I and the club are doing fine. I hope you are doing well too. During 2015, several members were taken from us and we pray for their safe entry into Heaven. Heaven may be a place where they can shoot their cowboy guns as much as they want and never have to reload, just like in the movies. We wish them well.

Now for the weather report. It has been an interesting weather month since our last Cowboy match. There will not be a dust problem in January since we received a total of more than 10 inches of rain since last month. Luckily, most came down slowly so that not much road work will be needed to be done to repair washouts. All the stock tanks are full to overflowing, and the grass is still green. Tx. Allilne picked the last of the ripe tomatoes from the garden last week, and we still have some green peppers that are o.k. too. Of course, we still have tons of Turnips ready to be picked, in fact so many that we will probably have to till them under, since we cannot possibly eat all of them. If you want some turnips, just ask and we will show you where to dig.

For the January match, there will be some type of Chicken Soup served to the Shooters after the match, since it should be a colder day and hot soup should hit the spot. This food is free to the shooters as a way to thank all of you for coming out and supporting your club, and because we just like doing it.

Don't forget that Jail Breaking is coming and we need early entry's in order to plan for and purchase all the things needed to hold a quality match. All Jail Break registrations received before February 29th (or the first 50 entries) will be put in for a drawing for ONE of the three 45 ACP'S to be given away at Jail Break. That would be pretty low odds to win a gun suitable for the Wild Bunch matches.

Jail Break will be an excellent time to warm up for the SASS State match that will be held the following weekend at Fort Parker. Both will be great matches.

Deer season is about over, but the really BIG ONE is still out there. We see him out in the parking lot quite often. We saw a total of 9 Bucks running together the other day, so I guess the rut is over. The BIG ONE stood head and shoulders (and antlers) above the other 8. I hope to see him again next year.

Great minds discuss ideas; average minds discuss events; small minds discuss people.
