

President's Letter

March 1, 2016

The weather report: Warm and slightly overcast. Feels like about 70 degrees sitting on the swing under the Grape arbor watching the garden grow. Now, what could be better than that? This is the kind of day that you hope for all winter long.

Tx . Alline an I started a lot of garden vegetables during the week between Christmas and New Year, and they have been transferred to the garden. We have Tomatoes with blossoms, several varieties of Peppers, and the Corn and Green Beans are all in the ground. We have Squash, Cucumbers, and other plants ready to be put out in the coming week. This is all credited to the weather forecast that shows up on my Smart Phone. The forecast does not have any freezing or frosty weather for the next month, so all should be O.K. Now I know that the weather for tomorrow cannot be forecast with any precision, (kind of like shooting a new gun that the salesperson said would be right on), but after all, this is a SMART PHONE. Time will tell.

Jail Break is fast approaching and with it grass and weeds. If any of you can come a week early, and bring a lawn mower or a weed eater with you, you could help to make the range beautiful for the match. Everything you see after you come thru the red gate in considered Range, and If we can make it look like a park, it would make a good impression on the shooters. It is not just the weeds and grass, their are many other chores that need to be completed before the match. We will need several people just to replace what Capt. Jack and his Wife, Miss Donnie have done in the past. If you can help, let Denton Dancer know, so that he can co-ordinate who is to do what. And by the way, a practice stage will be available when you are not working. To Capt. Jack and Miss Donnie, if you can, come by and see all of your friends that miss you so much. We hope to set up a work weekend between now and Jail Break to get some of the other work done that needs to be done. I don't know when that will be just yet.

Make plans and get your enrollment's in early, so that the club can plan accordingly.

Watching the shooters compete for the last couple of months indicates that the safety rules are being well adhered to. Keep up the good work.

We have been having some slight problems with a couple of Wild Hogs lately. Those problems should be corrected (eliminated) by the time you read this. Plan on a Pulled Pork sandwich for lunch at the March match.

When people ask a question, they don't really want an answer. They either want an agreement, or they want an argument.

Justa Hand
