

President's Letter

December 2, 2016

It has been a hectic month around the range since our last match. Tx

Tx. Alline has held a Family Reunion for her large number of relatives. At best, I could count about 44 people. They would not stand still long enough for me to make an accurate count. It was a real chore for her to feed and entertain all of them for 4 days, since the reunion was held over the Thanksgiving weekend. Since I had just had my Hip replaced, I could only offer minimal assistance. On a scale of one to ten, probably a one minus. She did a great job.

Did you ever see an 80 year old woman (cowgirl) ride a zip line? Tx. Alline did and it is posted on the internet If you care to see her do it. Gunslinger helped by having a basic shooting class for anyone interested in shooting Cowboy guns, and almost everyone had to have a shot at it. I sure give him credit for being able to handle that many people at one time so smoothly. Everyone was impressed. I also had to instruct one new Muzzle Loader shooter how to load, shoot, and clean a Muzzle Loading rifle given to him by his Grandfather. He was excited about it and now wants to hunt with it.

It looks like we will have something to eat after the December match. I don't know for sure what it will be yet, I have to check the back roads yet.

Plans are being made for a really great Jail Break. Entries are coming in with posse requests. If you have a request to shoot with someone, get your entry in early so that you can be accommodated.

There has been lots of lights put up around the eating area. (some colored) It was used for feeding all those relatives after dark and really worked well. This will be a new twist to feeding and entertaining all the Cowboys and Cowgirls during the evening meals during Jail Break. You will love it.

Remember to never put the cart in front of the Horse.

Justa Hand
