

# President's Letter

November 1, 2016

One word can describe the weather here at the range, and that word is DRY. Although it has been dry, the temperature has been pleasant. Warm but not too hot. The shoot is a couple of weeks away and there is no telling what it will be like then.

If it is cold, we have a new fire pit that you can sit around to keep warm and to eat your Nachos. Oh, I forgot to mention that there will probably be Nachos with Cheese sauce on top, and with Jalipano ( ah heck, I tried spelling it three ways, but this computer keeps telling me no) so let's just say hot pepper slices on top if you prefer. There will probably be Iced Tea to enjoy also.

I hope everyone who went to the Regional won their class and had a good time. I am hearing good things about that match.

There are some new things going on here at the range. I mentioned the fire pit, but there may be a new covered area near the eating area by the time of the November match. Look for it. All things to make your time here more enjoyable.

Also, after the main match, there will be some shooting of Military rifles done on the long range. If you have one, bring it with some ammo that is not steel core to shoot in it. You can tell if it is steel core with a magnet. These things are a lot of fun to shoot too.

I hope you all voted for the right person to run our country for the next four years. I would have not had any problem voting for a Lady for president, but I could not find one on the ballot. Enough said.

Let's all pray for our nation as it will surely need it regardless of who wins. I guess I am a single issue voter, since I vote for any person who will respect the Constitution as it was written and not as a so called living document. Anyone who respects the 2nd Amendment and my right to have and use guns in a lawful way will always get my vote.

Have you noticed that Common Sense is not so common any more?

**Justa Hand**
