

President's Letter

October President's letter

The weather has been really nice. Warm, but not too hot. That is until today. A cold front came thru this morning and the temperature has been dropping all day. It is supposed to get down to 33 degrees tonight. So much for the garden of TX. Alline. I guess it will be time to go back to eating canned stuff. Oh well, we are still getting eggs from the chickens.

Last month at the match the Club presented Gunslinger with a certificate for all the hard work, and time, and for his many long years of service to the Oakwood Outlaws Cowboy Action shooting club. He was also given a life membership that entitles him to shoot free for the rest of his life as well as guaranteeing him a bed in the bunk house. He is only the second person to ever receive a life membership. They do not come lightly.

Now that we are supposed to have a frost this week, our big problem is going to be keeping the leaves at bay. Since leaves on the ground equals lost brass, the club will try to keep them rounded up and possibly burned (if there is no burn ban). Speaking of a burn ban, we (all of us) will have to be especially careful of fires and smoking materials so as not to catch the woods on fire. We will have to keep an eye of the Black Powder shooters too.

Now that the Cowboy dress code and the weather is cooperating, we should see some really new and attractive shooting and or observing outfits especially on the ladies. Laurie is going to keep track of such things and will give credit when credit is due regarding such thing. Since Halloween will have just been over, perhaps some kind of award could be given for the best dressed Cowboy Scarecrow shooting outfit. Now that leaves a lot of possibilities open.

Be always careful with MUZZLE DIRECTION, MUZZLE DIRECTION and MUZZLE DIRECTION.

Watch your back trail just in case you have to backtrack.

Justa Hand
